jgbuzz@gmail.com

EDUCATION

Bachelor of Arts, Literary Studies, University of Barcelona, Barcelona, Spain, 2024: 7,81

- *Capstone project: Els set segells de l'apocalipsi: Un estudi sobre la ficció apocalíptica contemporània i la seva possibilitat crítica: 9 / Seven Apocalypse Seals: An study about contemporary apocalyptic fiction and its critical possibilities.*

RESEARCH INTERESTS / RESEARCH PROFILE

I have a background in literary studies, my degree involving continental philosophy, critical theory, literary theory and comparative literature. My research interests now lie at the intersection of AI, philosophy of technology and cognitive science. I'm particularly interested in new ontologies of AI, accelerationism, phenomenology and AI ethics. Minor interests in computational linguistics and psychoanalysis. This are just my academic interest. More broadly I'm interested in almost... Anything.

PROFESSIONAL EXPERIENCE

Ecommerce platform manager, CAMA10.COM, Tortosa, 2022-2024

Tasks related to data base maintenance, web design, customer support and providers dealing.
